

IMPALA/14

WHY JUST GO FROM A TO B.

WHEN IMAGINATION CAN TAKE YOU EVERYWHERE.

The road. A simple path, really. And yet it's come to mean so much more. Perhaps the real reason roads are special is that every road leads us to someplace we're not – but could be. At Chevrolet, roads are our springboards. They challenge us, taunt us and guide us to create better, more exciting, more ingenious ways to move through life. Roads drive us to places we've never been before. And we'll never stop seeking out new ones.

IMPALA/

A STUNNING CONVERGENCE
OF DESIGN AND PERFORMANCE

Impala LTZ in Silver Ice Metallic
with available features.

Impala 2LT in Silver Ice Metallic with available features.

Chevrolet designers and engineers reached far into the future to create the all-new 2014 Impala and shape it firmly in the present. The result is timeless — a convergence of imaginative design, impeccable craftsmanship, driver-centric innovations and more available comprehensive safety features than ever before.

DESIGN THAT TURNS HEADS AND HEARTS It's not often that a vehicle takes performance and turns it into an art form. With a silhouette

inspired by the best in both luxury and performance nameplates, Impala is gracefully aggressive, artistically aerodynamic and passionately refined.

SCULPTURED STYLE: MODERN YET TIMELESS

The wide chrome grille, projector-beam headlamps and available LED daytime running lamps illuminate the bold new face of Impala.

From the sweeping roofline and sculpted body

sides to the jewel-like chrome highlights, Impala elicits the rare visceral excitement of a premium sedan. Poised on available 20" aluminum wheels, the stance of Impala is both athletic and confident.

Impala LTZ interior in Jet Black/Mojave with available features.

Available Keyless Access with Push-Button Start.

Available 11-speaker Bose® Centerpoint® Surround Sound System.

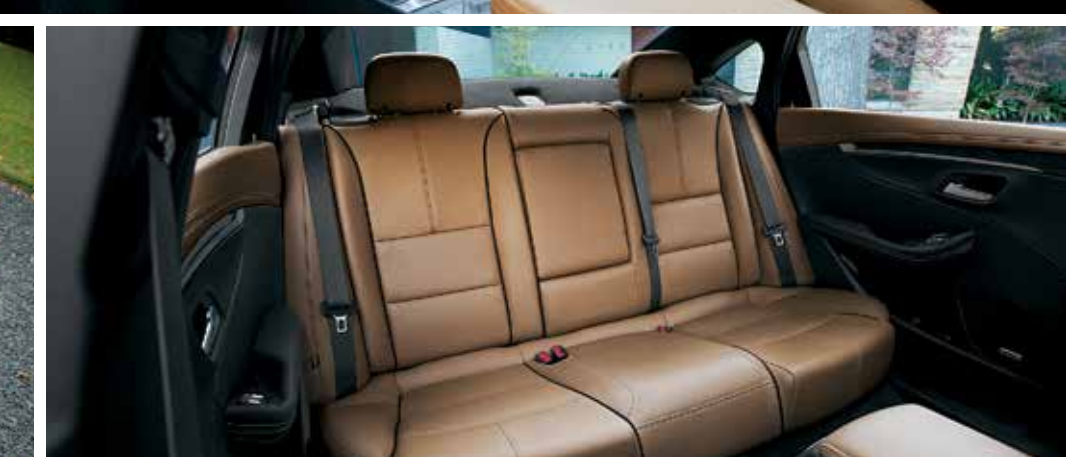

Available 120-volt household-style power outlet.

Convenient umbrella storage.

A PERFECT FIT IN EVERY EXQUISITE DETAIL

IMPALA REWARDS YOUR DESIRE FOR EXCELLENCE
WITH AN EXCEPTIONALLY REFINED DRIVING ENVIRONMENT.

Indulge yourself in the soft textures of the available premium sueded microfiber or leather-appointed seating surfaces. Relax in the incredibly roomy cabin and, thanks to numerous acoustic treatments, the sounds of the outside world seem to disappear.

BEAUTY FLOWS AROUND YOU Take in the flowing instrument panel with rich available burnished woodgrain and chrome accents. At night, the illuminating details of the full-color Driver Information Center and available ice-blue ambient lighting set the mood. Like a fine handmade suit, Impala features precise tailoring that's a perfect fit.

THE UNCOMMON LUXURY OF MORE ROOM Experience the luxury of upscale refinement and spaciousness for five passengers. Options include heated and ventilated front seats and a heated steering wheel with a power tilt/telescoping feature. The available 11-speaker Bose® Centerpoint® Surround Sound System provides clear, lifelike sound and natural timbre. There are storage areas in the door panels and center armrest, as well as dedicated umbrella storage in the front doors. Impala also provides integrated cup holders, phone storage in the center console, plus hidden storage space behind the available 8-inch color touch-screen radio.

In Valet mode, the hidden storage space locks to help keep valuable items safe and securely out of reach. Other details include 4-way adjustable front head restraints and foldable rear head restraints to enhance visibility. The 18.8-cubic-foot trunk¹ even includes hidden underfloor storage.

NEW DRIVER MEMORY PACKAGE The available Driver Memory Package gives you two preset positions for the 8-way power driver seat, power-adjustable steering wheel and exterior mirrors. It even makes exiting easier by moving the available power seat and steering column back and out of the way.

Impala LTZ interior in Jet Black/Mojave with available features.

¹ Cargo and load capacity limited by weight and distribution.

WITH

305 HORSEPOWER

305-HP 3.6L V6 Would you appreciate V8-like performance with the fuel efficiency of an advanced V6 engine? With an available 305-hp 3.6L V6 matched to an electronically controlled 6-speed automatic transmission, Impala leaps from 0 to 60 mph in 6.8 seconds. Direct Injection helps provide more complete combustion of fuel, which improves economy and power and helps lower emissions. Variable Valve Timing consistently boosts power by providing near-peak torque over a wider

rpm range, while offering an EPA-estimated 29 MPG highway.

2.5L 4-CYLINDER ENGINE Or choose the 2.5L 4-cylinder engine and 6-speed automatic combination that offers an EPA-estimated 31 MPG highway and delivers 196 horses. This engine also includes the technology of Variable Valve Timing and Direct Injection.

Impala 2LT in Silver Ice Metallic with available features.

PREPARE TO BE INSPIRED

With a confident sense of control and balance, the 2014 Impala is an inspiring driving experience. The stiff body structure and athletic stance allowed Impala engineers to tune ride and handling precisely for an impressive connected-to-the-road feel.

RAZOR-SHARP REFLEXES A premium electric rack-and-pinion steering system delivers crisp, responsive handling and excellent

on-center feel. The tight steering radius, combined with a variable-effort feature, which increases the level of power assist at low speeds, contributes to agile handling and maneuverability.

A NEW LEVEL OF QUIET Triple-sealed doors, 16 acoustic baffles and acoustic perimeter deflectors in all four doors are designed to block, reduce and absorb road noise. The advanced Active Noise Cancellation feature on 4-cylinder models uses microphones to

constantly monitor sound quality and help cancel out unwanted vehicle drivetrain noises. Highway wind noise is further reduced via the aerodynamic exterior shape, which has been validated by extensive wind tunnel testing. With an acoustic-laminated windshield and front side glass, plus liquid-applied and melt-on sound-deadening materials, this is the quietest Impala ever.

Impala LTZ in Blue Ray Metallic with available features.

INTUITIVE INTELLIGENCE

AVAILABLE CHEVROLET MYLINK MAKES IT EASY TO BRING THE CONVENIENCE OF YOUR SMARTPHONE WITH YOU.

Available USB port.⁴

Available OnStar RemoteLink™ mobile app.⁸

CUSTOMIZE YOUR DRIVING EXPERIENCE The latest evolution of available Chevrolet MyLink¹ is here and premiering in the 2014 Impala. It features an all-new intuitive interface with the latest, easy-to-use technologies. Put simply: Chevrolet MyLink is cutting-edge and highly customizable.

COMMUNICATIONS MADE EASIER With available Chevrolet MyLink, natural voice recognition

allows you to place calls, enter destinations,² browse media, play music and control other functions simply by telling the vehicle what to do. There are no key phrases to remember and no need to look at a screen. A microphone over the driver helps ensure voice commands are heard.

SAVE AND STORE YOUR FAVORITES Available Chevrolet MyLink can store up to 60 favorites, including radio stations (AM/FM/XM),

contacts, destinations,² music and other media. Chevrolet MyLink is even capable of linking up to 10 mobile devices with Bluetooth® wireless technology,³ and it can be fully integrated with your contacts and call logs. Use the touch-screen, the Driver Information Center or the steering wheel-mounted controls to navigate Chevrolet MyLink features. This is innovation that makes connectivity a whole lot simpler.

CHOOSE YOUR GRAPHICS This award-winning Chevrolet MyLink¹ system features four specific graphic appearances for the touch-screen and the Driver Information Center (Contemporary, Edge, Velocity and Main Street), selectable through the Settings menu.

EASY-TO-USE, TABLET-LIKE TOUCH-SCREEN You'll immediately notice the layout resembles a smartphone or tablet with intuitive, easy-to-use icons. On the 8-inch diagonal touch-

screen, you can fling through lists, swipe, click and drag, just as you would on a tablet. The 8-inch screen also has a power up/down feature that reveals a hidden storage compartment. Inside, there's a USB port⁴ so you can charge and store your smartphone out of sight.

STAY CONNECTED With available Chevrolet MyLink, you can stream music from online sources like Pandora® Internet Radio.⁵ Listen

to commercial-free music, sports, news and more with three trial months of SiriusXM Satellite Radio.⁶ Get directions with OnStar® Turn-by-Turn Navigation⁷ (standard for the first six months). Or choose the available Chevrolet MyLink Radio with Navigation, which offers full GPS navigation features plus 2-D/3-D maps, points of interest, and SiriusXM NavTraffic⁶ and Travel Link (weather forecasts, fuel prices and movie listings) with three trial months.

¹ MyLink functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. ² Requires Chevrolet MyLink Radio with Navigation. ³ Go to gmtotalconnect.com to find out which phones are compatible with the vehicle. ⁴ Not compatible with all devices. ⁵ Data plan rates apply. ⁶ If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. For more information about Travel Link, visit siriusxm.com/travellink. XM satellite service is available only in the 48 contiguous United States and Washington, D.C. ⁷ Visit onstar.com for coverage map, details and system limitations. ⁸ Available on select Apple, Android and BlackBerry devices. Services vary by device, vehicle and conditions. Requires active OnStar subscription, which is standard for six months.

INGENIOUS SAFETY TECHNOLOGY

FROM NEW AVAILABLE RADAR SENSORS TO HIGH-STRENGTH STEEL,
ADVANCED DESIGN IS ALL AROUND YOU.

Available Side Blind Zone Alert³

Impala LTZ in Champagne Silver Metallic
with available features.

The comprehensive enhanced safety technology in the 2014 Impala sets the bar high. There are 10 standard air bags¹ and new ultra-high-strength steel forms a rigid structure around the passenger compartment. The safety and security of OnStar Automatic Crash Response² is standard for six months. And patented innovations place an ingenious level of active safety all around you.

AVAILABLE ADVANCED SAFETY PACKAGE A new Advanced Safety Package (available on LT and standard on LTZ) surrounds you with safety features including Forward Collision Alert, Side Blind Zone Alert, Rear Cross Traffic Alert and Lane Departure Warning.

FORWARD COLLISION ALERT This safety feature is new to Impala and uses either the radar mounted in the grille (available on LTZ) or high-resolution camera (available on LT, standard on LTZ) to identify vehicles ahead

and alert the driver to any potential front-end crash risks, helping provide time to stop and/or change course.

SIDE BLIND ZONE ALERT³ This available feature, also new to Impala, uses radar sensors on both sides of the vehicle to help “look” for other vehicles in your side blind zone areas and indicates their presence with LED-lit symbols in the exterior mirrors.

REAR CROSS TRAFFIC ALERT Another Impala first, this available system uses the same radar sensors as the Side Blind Zone Alert system to alert you to crossing traffic behind your Impala when backing up. Audible alerts, as well as visual alerts on the rear vision camera screen, are triggered if approaching vehicles are detected.

LANE DEPARTURE WARNING New to Impala, this available camera-based lane departure detection system sends an alert if you

unintentionally drift out of your lane (without a turn signal). The camera, mounted near the inside rearview mirror, reads traffic lane markings when identifiable and provides audible and visual alerts.

FULL-SPEED-RANGE ADAPTIVE CRUISE CONTROL⁴ Using radar technology, this new available system uses automatic braking to maintain the driver-selected cruise speed and following gap distance, even under stop-and-go traffic conditions. Available on LTZ.

CRASH IMMINENT BRAKING Included with available Full-Speed-Range Adaptive Cruise Control, this Chevrolet first uses radar technology to automatically brake in certain situations (a potential imminent crash with a vehicle being followed ahead). This can occur if the driver does not react quickly enough to the warning or does not react at all. Available on LTZ.

¹ Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and the child safety seat instructions for more safety information. ² Visit onstar.com for details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. ³ Before making a lane change, always check the Side Blind Zone Alert display, check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards, and start the turn signal. ⁴ Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle.

WARRANTY INFORMATION

100,000-MILE/5-YEAR TRANSFERABLE POWERTRAIN LIMITED WARRANTY.
Every 2014 Chevrolet passenger car, light-duty truck, SUV and crossover comes with a 100,000-mile/5-year (whichever comes first) transferable Powertrain Limited Warranty. Plus, you get 100,000 miles/5 years (whichever comes first) of the 24/7 Roadside Assistance Program, the Courtesy Transportation Program, and much more. See dealer for details.

NEW VEHICLE LIMITED WARRANTY.
GM vehicles registered in the USA are covered for 36,000 miles/3 years (whichever comes first). The complete vehicle is covered, including tires, towing to your nearest Chevrolet dealership and cosmetic

corrosion resulting from defects. Repairs will be made to correct any vehicle defect, and most warranty repairs will be made at no charge. In addition, rust-through corrosion will be covered for 100,000 miles/6 years (whichever comes first). See dealer for details.

CHEVROLET OWNER CENTER (MY.CHEVROLET.COM).
Everything you need to know. Anything you need to do. Your Chevrolet Owner Center makes it easy. Create your account today to get the most out of your new vehicle. Get special alerts and offers, schedule service, review your maintenance schedule, and view how-to videos specifically for your vehicle. All online, anytime. Visit the Owner Center today to register or take a tour.

IMPORTANT INFORMATION

ENGINES. Chevrolet products are equipped with engines produced by GM Powertrain or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY. Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

ONSTAR. OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for OnStar Terms and Conditions, Privacy Policy, details and system limitations.

A NOTE ON CHILD SAFETY. Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information.

IMPORTANT WORDS ABOUT THIS CATALOG. We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Large Car Sedan segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS. Some standard content may be deleted on fleet orders. See dealer for details.

CHEVROLET OWNERSHIP EXPERIENCE. Chevrolet is committed to enhancing the vehicle shopping and ownership experience through a wide array of programs. Visit chevrolet.com to build and price, find a vehicle, request a quote, compare vehicles, find financial tools or track your vehicle order.
